

Bathworks®

SecureGRIP® INSTRUCTIONS

IMPORTANT:

Please read through the instructions carefully before starting project

SecureGRIP® Anti-Skid Treatment is the quickest and easiest way to treat dangerous and slippery surfaces. **SecureGRIP®** is not a coating that wears off. There is no odor and has very little to no appearance change.

CAUTION: *Proper ventilation, personal protective equipment (gloves, eyewear, respirator) are highly recommended. Keep material and tools away from children and animals. Dispose of all unused materials and garbage as soon as the project has been completed. Obey all town, city, county, state, national, and international codes for proper disposal.*

DIRECTIONS

STEP 1: Fill **SecureGRIP®** container with warm water, tightly replace cap, and shake well until contents are dissolved.

STEP 2: Make sure the desired area is clean and residue free.

NOTE: *Perform a test on a small area to determine treatment time.*

STEP 3: Pour the mixed **SecureGRIP®** in the desired area and spread evenly with a sponge or scrubbing pad. See working times below to decide how long to leave solution on intended surface.

AVERAGE WORKING TIMES FOR SURFACE TYPES:

Cast Iron (Porcelain): *10-15 minutes*

Steel (Porcelain): *5-10 minutes*

Ceramic & Glass: *5 minutes*

NOTE: *NOT for use on fiberglass or acrylic surfaces.*

NOTE: *For larger areas, a mop may be used to spread mixture.*

STEP 4: Thoroughly rinse with clean water. Always test areas before use. Repeat application as needed.

LIMITED WARRANTY

Tub Refinishing, Inc. DBA Munro Products as follows; this warranty is in lieu of all other written or unwritten, expressed, or implied warranties, and Tub Refinishing, Inc. DBA Munro Products expressly disclaims any warranty of merchantability or fitness for a particular purpose. The buyer assumes all risks whatsoever as to the use of the material. Keep away from children, animals, or persons that are sensitive to paint or fumes. Fumes can be harmful to humans and animals, and can also be flammable.

SAFETY

A protective respirator should be worn if available. Use product with adequate ventilation. Always use rubber gloves. Tub Refinishing, Inc. DBA Munro Products is not responsible for accidents or misuse of these products or parts and materials of this kit. Safety is in the hands of the user. Keep all refinishing kit materials and tools away from children, animals, and individuals sensitive to paint or fumes. Some items in this kit are flammable and should be disposed of properly in accordance to local state, city, & town codes regulating used paint products. Use all paint products with caution. **DO NOT** dispose of paint or clean tools by using water and flushing down household drains - these are solvent-borne products and may potentially damage pipes & the environment. Use **Xylene** or comparable cleaner for cleaning tools & spills. Xylene is capable of permanently damaging surfaces such as linoleum, plastic, wood, and previously painted surfaces. Never use xylene on skin and use gloves & eyewear while using. If you are unsure about the use or safety of this product, please return the unopened and unused kits to the supplier. All returned goods are at the purchaser's cost. Opened or used materials will be refused for credit.

See all **Safety Data Sheets (SDS)** which are available via our website: **bath-works.net**

SUITABILITY FOR USE

The user is responsible for establishing that these products are suitable for the user's application and that all requirements for meeting approvals, standards, codes, disposal, use, and regulations of any kind are satisfied. Distributor denies any responsibility for establishing suitability of use; where, when, and how the materials from this kit are used. Read all information and instruction before use of this product. Use caution.
